Editorial: August soon became cooler and rainy—our lawns desperately needed the water and are starting to recover. Autumn will soon be upon us, crops safely gathered and maybe an Indian summer treat. Before the glorious reds, oranges and golds we are sometimes treated to.

There are some things in here you can join in with—from Paws with a cause in support of the East Anglian Air Ambulance (P15) to Bridge classes in Whepstead (p19) and our very own Lawshall Flower and Produce Show on September 9th.

You can support the village hall by stepping up to help organise events, coming along to one of the management committee meetings or by simply signing up to the village hall lottery - an application form is on page 27.

The Women's Institute meeting on 12th September with a talk and demonstration about making hats could be very interesting (page 31).

Thank you to all those who put time and effort into making our village work—whether picking up litter, cutting back verges or managing the village hall grounds, tidying the book swap shop phone box, managing the community woodlands or being tree warden for us all. I am sure there are others I have not mentioned—thank you.

Thank you to all the contributors to the magazine and if there is something you would like to see covered here please let me know.

Village Hall Chairman

Hi everybody. I wrote a few months ago that I was to step down as chairman of the village hall management committee. Sadly, nobody came forward to become the new chair so I have agreed to come back and continue the battle to keep the village hall going and indeed, make it better for all of us to use. I am hoping I can rely on the support of more people in Lawshall to support me in this. I have a good team of villagers on the committee but will still need more of you to help us out please.

I have started off by arranging the excellent flower display at the front of the hall which I hope many of you have noticed. The baskets were created by members of the Lawshall garden club and have been kept bright and healthy by a new watering system kindly installed by Julian Delefortrie. My thanks go to him and the garden club. I am also hoping to create some flower beds on the green next to the hall and possibly create a small garden area with benches too.

We have some events coming up that are in the planning stage which includes a theatre group performing a play on **December 1st**, Christmas lights switch on and carols round the tree on the same evening and a Christmas quiz on a Sunday afternoon. Date to be confirmed.

There is the possibility of starting a group of fund raisers and event organisers to plan events at the hall. Are there any of you willing to join this group and help out? It would be great if you could. Other events being researched are coffee mornings, race nights, film nights and a music festival on the green with local musicians entertaining us.

As a committee, we will do our utmost to make the hall a venue that you would enjoy using so please help us out by joining one of our teams or attending the events that are held across the year.

All the best

Dave Henderson

## **Bird Notes September 2018 by Cliff Cooper**

The long, hot, dry summer is coming to an end as we drift into the autumn. This year the autumn migration could bring us a few extra rarities as many birds extended their ranges northwards and eastwards during the exceptional weather over Europe this summer. These pioneering birds will not necessarily have the innate knowledge to find the correct migration route back to their winter quarters, so some could find themselves crossing to our shores in error. Anytime from early September to late October could be good for birding- especially on the coast.

This summer appears to have been good for our local resident birds as well as those that visited for the season. I have seen lots of young goldfinches, linnets and yellowhammers in the hedgerows. Also the swallows seem to be quite abundant as they gather up now ready for the journey to Africa. Of course, the swifts have already gone, but they too seemed to have done well locally this year.

As the summer season progressed I received several reports of a turtle dove still in the Lawshall Green area, but unfortunately there was only the one bird so it is unlikely that we will see him/her next year.

On a more positive note, there were reports of spotted flycatcher from three places in the village, including one definite nest. Red kites nested very close to the village this year and several young kites have been noted around the fields as they disperse from the nest area.

## LAWSHALL GARDEN CLUB August/Sept 2018

Hello and welcome to another garden club update. Wow! What a hot and dry summer this has been and as we move into September, we can only hope that the rain returns to help our gardens to recover. The garden club itself has had some great speakers attend to entertain us with their knowledge of their chosen subjects over the year and I am hoping this will continue with a meeting in November. The September meeting is cancelled due to pressures of work. In the meantime, what should we be getting up to in our gardens this month?

**General tasks:** Keep watering and deadheading. Cut out flowered stems of perennials to keep borders tidy and to allow later flowerers to open in space. Build up your compost heaps as there will be a lot of material heading that way over the coming weeks.

**Lawns:** Start planning your lawn repairs. Once the dry weather comes to an end, start scarifying and spiking the grass areas and apply a good autumn feed. Lay new lawns from seed but avoid turfing until October or November.

**Flowers:** plant some spring bulbs but leave tulips and hyacinths until later in the year. Replace summer bedding with winter flowering plants. Deadhead and protect dahlias and collect seed from perennials.

**Vegetables:** there is plenty of harvesting to be done, including marrows, courgettes, sweetcorn, runner and french beans, autumn cauliflowers and cabbages, maincrop potatoes etc etc. cover late crops of lettuce and leave netting over brassicas. Sow overwintering onions and cabbages. Pot up herbs ready for the winter months.

Finally, plant up pots with bulbs for the early spring. Consider layering your bulbs with larger and later plants at the base and working your way up with smaller and earlier flowering plants.

I will announce in my next article the date for the next garden club meeting and hopefully a few more of you will come along and enjoy an evening with like-minded people who love their gardens and who want to learn more.

All the best

## Lawshall Community Woodlands

### A Forest for Our Children

Our next volunteer morning will be...

**Sunday 30<sup>th</sup> September, 9:30-12:30, Golden Wood, Bury Road**

Come and join the friendly band of woodland volunteers! No experience necessary - stay for as long or as little as you like. This month we'll be preparing logs. Golden Wood's logs are top notch and their sale helps raise valuable funds for the woods.

Last month was our annual session in Crooked Wood. This hidden gem is a lovely secluded spot past the end of Lawshall Green. The volunteers cleared the rides and tidied things up. Enough to keep it ticking along until next year!

#### *ANNOUNCING...*

## **Tuesday Club**

We all enjoyed our Annual BBQ at the end of August and the weather this year was much kinder to us. There was no shortage of food and the desserts were delightful.

We have much to look forward to in September so please do come along and join with us in the activities. We start off on 4th September with Steve Beedle and his group. Steve has been very busy over the past months and we look forward to listening to him again. All proceeds from the afternoon will be going to St Nicholas Hospice whom Steven supports.

On 11th September we are all going across to join with the Fire-side Club at Newton Green as they celebrate their anniversary. We will be having a buffet lunch there and entertainment is being provided.

On 12th September we have our monthly outing and we are off to the Cotton Barrel Organ Museum. This promises to be a really entertaining day and we will be eating at the Thatchers Needle in Diss after our visit.

Plans have been put together for a Fish and Chip lunch in October and our Christmas meal has been booked.

With winter sadly just around the corner the year has flown by. As the winter nights draw in we all need some extra friends around us, so come along and give us a try, apart from 11th we will be in the Village Hall each Tuesday between 2pm and 4pm.

## **Lawshall Weather Report – July 2018**

Well, what an incredible month, with records broken in every category. The temperature built and built as the month progressed and rain fell on only 3 days. Farmers and gardeners alike were in dire need of rain with lawns and flowerbeds suffering badly. On the positive side, holiday makers were very happy and tourism increased substantially.

**Total Rainfall:** 18mm in 3 days.                      2017 was 71mm in 10 days  
Stowmarket 10-year average is 50.1mm in 9 days

**Daytime average temp:** 28.6                      2017 was 22.8  
Stowmarket 10-year average is 21.9

**Highest temperature:** 36.5                      2017 was 27.0

**Night-time average temp:** 15.7                      2017 was 14.3  
Stowmarket 10-year average is 12.2

**Lowest temperature:** 12.5                      2017 was 10.5  
*All temperature figures are shown °c*

**Summary:** *As you can see, the most interesting figures are rainfall, daytime average and highest overall temperature. Rainfall continues to be exceptionally low, with only 19mm in the last two months. Last year we had 143mm in the same period. The daytime average is a new record high at 28.6°C or 83.5°F but the overall highest on the 27<sup>th</sup> was 36.5°C or 97.7°F – this is similar to Death Valley in the USA.*
