**Editorial:** Even though summer is coming to an end, there are lots of things going on in the village. It's tempting in the cooler darker days of winter to stay indoors, light the fire and hunker down. Some degree of resting and hibernation is natural at this time of year but it can also be important to meet with other people, connect with each other and feel part of a community. Concerts and quizzes, WI and Tuesday Club offer some opportunities. It's also important for health to stay warm in the cold weather—see page 33.

We will be Lighting up the Christmas tree at the village hall on 30th November with carols around the tree and a concert afterwards.

You will find the Village Hall Lottery Draw results on page 22.

Father Gerry Quigley has now retired and the Catholic Church update is on page 35

November 11th Remembrance Services and beacon fire information on page 8 with more details from our Lawshall Archives recorder on page 31.

Thank you for all your contributions and may I wish you a warm and healthy month ahead. Do let me know how you plan to enjoy the more indoor months—what crafts or hobbies do you turn to in these shorter days?

Jenna, Editor

### Chairman's Report

Your village hall committee is busy arranging some Christmas events for you all to attend and you will find details within this issue. Such events take a lot of organizing and are only worthwhile if you support us by coming along to one or more of the events that we are planning.

We are hoping to put together a group of villagers who are willing to help out with organizing events at the hall including Coffee mornings, Race nights, fairs and other entertainment. We have two volunteers so far but need more people to offer to help so please get in touch with one of us or come along to our next meeting on **Monday 3<sup>rd</sup> December** for a chat.

I am sure you will agree that the hall has looked much better this year with the addition of the planters and hanging baskets. This is mainly thanks to the Lawshall Garden club who donated their time and effort free of charge putting these displays together. Our thanks go out to them.

Finally, we are still looking for somebody to take on the role of secretary on our management committee. We only meet every three months so the role is not too demanding. If you think you could spare us a little of your time to take on this role, please get in contact with me or any committee member and we will explain the role in more detail.

Don't forget that the hall is there to be used by you for any function so help out your village hall by joining in or even holding functions of your own there.

All the best

Dave Henderson. Chairman VHMC

## Bird Notes November 2018 By Cliff Cooper

A few days ago, whilst taking a leisurely stroll round Golden wood, I stopped to watch two red kites as they swooped and swirled across the sky- easily avoiding the mobbing tactics of the local rooks. At the time I didn't think much of this encounter because the kites have become regulars around the village now. Back home, I started to think back to the early 1970s when I went with a more experienced birding friend to Tregarron in Mid-Wales to try to find a red kite; at that time there were only 23 pairs of breeding kites in the UK (none in England). We were lucky on that day and I saw my first almost mythical red kite.

The recovery of the kite population has been remarkable, due to a change in attitudes towards birds of prey, better use and understanding of the effects of pesticides on our land, and help from a young bird release scheme in some areas of the country.

Similarly, the ravens I mentioned last month that I had seen in Derbyshire would not have been there 40 odd years ago. They have gradually spread further and further down from their mountain strongholds- they have even bred in Suffolk this year.

Other success stories are probably due more to the changes in our climate than anything we have done directly to help them. Two examples of this are the Cetti's warbler and the little egret- both on the edge of the area where they can survive the winters without the need to migrate. These two species are now quite common throughout the country, certainly in the southern parts, but again my memory goes back to long trips in my youth to find these rarities in Devon and Sussex.

Of course, along with these successes there are also many struggles where some species are just clinging on to their homes here, but that is a story for another day.

## LAWSHALL GARDEN CLUB

I was chatting to a colleague at work this week and they said how they hate this time of year as everything is dying and all we have to look forward to is cold weather. I suppose we all see seasons in different ways as I love the autumn with all its colours and fresh scents. Plants aren't dying; they are simply preparing for winter very much like we do. It's a great time to get out and about and see the wonderful displays of reds and golds and to breathe in the lovely fresh crisp air. It is also time for a number of jobs in our gardens.

As the trees shed their leaves, we should be collecting them up and storing them to make leaf mould. You can mix it with your garden compost or store it in bin bags or make an enclosure with chicken wire and stuff it all in. Leave it to rot down until next autumn when it will have broken down and smell fresh and clean. It's good as a mulch for acid loving plants and to break down soil that is compacted or mixed with general compost to use as potting compost. If you are filling bin bags, it is a good idea to dampen the leaves and punch small holes in the bag.

It is also the right time to prune some fruit trees and bushes, but not all! Apple trees can be pruned from November onwards as can Pear trees, blackberries, gooseberries and kiwis. Cut back to healthy buds on the apples and pears using clean, sharp tools. Cut back the strongest side-shoots to 2 or 3 buds for a strong blossom and a bumper crop next year. Gooseberries need the oldest fruited branches cut down to ground level leaving a core of up to seven young stems to fruit next year. Try to create a goblet shape where possible to allow light into the plant next spring. All blackberry canes that have fruited this year should also be cut back to ground level.

It is important that you do not prune plums, damsons, cherries, forsythia and abutilons at this time of year as you may risk them being infected by silver leaf disease. I will let you know the best time to prune these as the time approaches.

November is the right time to plant out your tulip bulbs, particularly after the first frosts as this will have killed off any bacteria that may attack your bulbs. Finally, give your unused pots and tools a good clean and store them away safely ready for use next spring.

That's it for now. Enjoy your gardens and I will be back next month.

David Henderson

## Lawshall WI

On Wednesday, 10<sup>th</sup> October 2018, Lawshall WI members, who had previously attended a silk scarf course at Denman College, shared their knowledge with the group. Members welcomed five guests. Members gave a demonstration, after which everyone made their own unique scarf.

The process entailed wetting and twisting the blank silk scarf, then applying dyes according to choice. They were then wrapped in cling film and cooked in the microwave! After rinsing and drying, it was amazing to see the wide range of colours and patterns created.

All who were there enjoyed making their scarves - 'Love my scarf', 'Really enjoyed it, the scarf is beautiful' and 'Brilliant evening, thank you!'

Our next meeting will be a planning meeting on

**Wednesday 14<sup>th</sup> November at 7.30pm**

Lawshall Village Hall, where members will consider their future programme. Ideas welcome.

See our website [www.thewi.org.uk/Lawshall](http://www.thewi.org.uk/Lawshall) to see what we get up to!

We will be finding out all about Diwali (the festival of lights) and how families celebrate it.

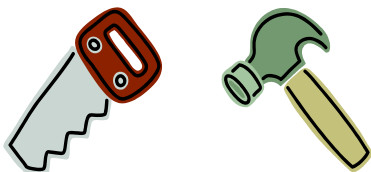

We will also be talking about Bonfire Night, including how to stay safe around fireworks and at big displays.

We will be making lots of craft activities to show what we have learned - including firework pictures of course!

We still have a few spaces available for some of our afternoon sessions.

## The Lawshall Trust

There are two trusts in the village administered by the Lawshall Trustees. They each get funds from dividends on investments, which arise as a result of bequests of land and money left to the people of Lawshall throughout its history.

For example the Village Hall was built on "Town Lands" which was left to the village in this way.

The Lawshall Relief Fund this fund exists for the following purpose "to relieve either generally or individually persons, resident in the ancient parish of Lawshall, who are in conditions of need, hardship or distress by making grants of money or providing items, services or facilities calculated to reduce the needs, hardship or distress of such persons".

We give thanks for the men of Lawshall who in the 16th Century started the Trust for our village.

Diana Clark

The Lawshall Trust is still there today for those persons who need help. Over the years there have been many who have needed a helping hand, young people and the elderly.

Also any organisation in the village can ask for assistance, as long as it is village based.

Whatever help is needed, **everything is confidential.**

We meet in May and November to decide on the support we give out.

If you want to apply for funds  
please use the form printed opposite.

## Lawshall Relief and Trust funds

### Application for Assistance

The Lawshall Relief and Trust funds have been in existence in one form or another for almost 500 years and exist to support the residents of the village. Support can be applied for from a wide selection of criteria such as help at Christmas, to students purchasing study books or helping local Clubs or organisations meet their financial obligations. There is no specific time at which these applications can be made, but we like to remind everyone that there is this option at this time of year.

If you are interested in making an application please could you complete the details below and return the form to either;

## SUNDAY 11TH NOVEMBER 2018

We have many reminders in the village of those men who died in the First World War and we remember all those who have died in all the subsequent wars. On Sunday 11th November we will be meeting at the Memorial Stone on Bury Road at 10am to begin our day of Remembrance. We will remember Johannes Van Mesdag the Dutch pilot who died on 6th March 1945. Later at All Saints Church at 10.45 we will read the names of all those other men from the village who died in both world wars. There will be some information about some of the men on display and you will be most welcome to join us on this significant day in our history. Another reminder of these men is in the pub where the following inscription can be seen.

"The Lawshall Swan remembrance coins. Before the 1st WW, villagers nailed these coins into one of the original oak beams for collection upon their return. Those that are left here are from brave men that sadly did not return. We shall not forget them."

The Church clock is also a reminder of these men as it was put up in memory of the twenty four men who died in the First World War.

## Staying warm : 8 wise ways to keep the heat in

Advice from the British Heart Foundation: <https://www.bhf.org.uk/informationsupport/heart-matters-magazine/medical/beat-the-cold/keeping-warm>

Follow these simple tips to keep warm and safe this winter.

**1. Wrap up warm:** Dress in layers and wear a hat, gloves and scarf. Clothes made from wool, cotton or fleecy fabrics are warmest. When you're indoors, wear warm socks and slippers to keep your feet cosy.

**2. Keep the cold out :** Close doors and use a keyhole cover to block draughts. Buy thermal linings for curtains to keep the heat in.

**3. Don't use alcohol to keep warm:** Avoid drinking alcohol before going, or when, outside. It makes you feel warm because blood vessels in the skin expand, but this draws heat away from your vital organs.

**4. Check your heating:** Have your heating system serviced regularly to make sure it works well.

**5. Maintain the temperature :** Keep your main living room at 18–21°C (64–70°F) and the rest of your house at 16°C (61°F) at least. If you can't heat all the rooms you use, heat the living room during the day and the bedroom just before you go to sleep. In bed, use either a hot water bottle or an electric blanket.

**6. Have warming food and drinks:** Have regular hot drinks and food such as porridge, soups and stews. Visit our [recipe finder](#) to get more ideas for warming, healthy dishes. Try our [14 delicious heart-healthy porridge ideas](#). Read our [5 top tips for healthy eating this winter](#)

**7. Stay active:** Keep as active as possible to boost your circulation. Move around at least once an hour and avoid sitting still for long periods. Even light exercise will help keep you warm. When you do sit down, put your feet up as it's coldest nearest the ground. Read about [how to get active indoors](#). Try our [rainy-day desk yoga](#)

**8. Check what you support you can get :** Don't miss out on benefits. Depending on your circumstances you may get the Winter Fuel or Cold Weather Payments automatically. If you don't, visit [gov.uk/winter-fuel-payment](http://gov.uk/winter-fuel-payment) or call **03459 15 15 15** to see if you're eligible.

You may also be entitled to claim an Affordable Warmth Grant, which could help with heating and insulation improvements. For more information, call the Energy Saving Advice Service on **0300 123 1234** or visit [gov.uk/energy-company-obligation](http://gov.uk/energy-company-obligation).
